This workshop is part of ISGW's **Youth Leadership Project**. The purpose of the project is to engage with seniors in the community to build intergenerational relationships. The intention is for both seniors and youth to gain new skills and learn about and from each other during several workshops (organized by the youth) at various community organizations in Guelph.

For more information or help to register, contact **Megan** [mbotha@is-gw.ca](mailto:mbotha@is-gw.ca) or
