During this project, you will gain a sense of independence and pride while increasing your leadership and team-building skills. We will be exploring how to be a positive role model and the concept of community engagement. You will be developing social and community connections while coaching/mentoring children in the community through a series of sports and organized games.

Expect to devote time after school and on some Saturdays (2-3 hours).

Join us online, using Zoom for an information session:

Thursday, February 1, 3:00pm – 4:00pm
